Journal - Office of Legislative Counsel
Thursday - 9 March 1967

Page 2

25X1 6. [] Met with Mr. Peter Gerardi, Technical Consultant, House Science and Astronautics Committee, and confirmed with him the list of members furnished yesterday who will be attending the briefing scheduled for March 17.

25X1 9. [] After meeting with Miss Jannie Sweat, Assistant to Representative John J. Duncan (R., Tenn.), who advised that Representative Duncan would appreciate being called from the floor, I met with the Representative in the Speaker's reception room. The meeting was relatively unproductive as far as the question of response to Representative Duncan's letter of 7 March, other than the fact that he agreed to meet with me again the first of the week after his return from Guantanamo Bay. (Representative Duncan is travelling to Cuba tomorrow as a member of a Public Works Committee inspection trip)

25X1 10. [] Met with Mr. Robert McNeil, Administrative Assistant to Senator Spong, who advised that the morning of 21 March would be most difficult for the Senator due to prior commitments, but that we might be able to schedule the morning of the 22nd. I advised that I would confirm the 22nd during the day tomorrow, if possible. In the meantime, he will also discuss the 22nd with the Senator.

25X1 11. [] In response to his questions of yesterday, I advised James Gehrig, Senate Aeronautical and Space Sciences Committee staff, that we had no evidence that the Soviets have flown their SST nor that they will fly it to the Paris Air Show. In connection with the request for a briefing of Chairman Anderson and Senator Margaret Chase Smith, arrangements have been made for this to be done at 3:00 P.M. on 21 March. The briefing will be given by []

25X1 12. [] Ruth Pope, in the office of Senator Ralph Yarborough, called to say that they had received an inquiry as to whether the American Federation of State, County and Municipal Employees had been associated with the Agency. I plan to drop by to see Miss Pope tomorrow.

25X1 13. [] Delivered to Senator Stuart Symington's office two papers, one prepared by OCI and one prepared by Mr. Critchfield.
